

DOCUMENTATION OFFICE FOR EAST EUROPEAN LAW

PREFACE

This list contains a survey of all periodicals and serial works which form part of the holdings of the library of the Documentation Office for East European Law at the University of Leyden. The periodicals and serial works are listed in chronological order, with the usual omission of definite & indefinite articles. Most periodicals in stock all available data have been inserted: in some recent cases, if the title has been changed, under the former title a reference has been made to the present title; present place of issue (if there have been any changes, the former places of issue have been included); as to bibliographical periodicals or serial works, the period which they cover has been mentioned as well.

As the user will notice, the list includes only the available issues. If the volume number coincides with a particular year, this has been indicated as follows: 3 (1970) — 8 (1975). If a journal is issued at irregular intervals the reference will be as follows: 1970 No.24 — 1975 No.5. If a periodical does not have a current number for each issue and one or more issues are missing, this is indicated by: 3 (1970) No.3 — 8 (1975) Nos.8-12. Current subscriptions are marked by a hyphen behind the last available year, e.g.: 3 (1971) —

In most cases, any periodical which has been received from the main university library has a registration number preceded by V-, S- or T-number. When a periodical is then also included in the main university library collection or the periodical carries a ISSN number this is also included.

This survey has been prepared by Mr. W.A. Timmermans, staff member of the Documentation Office on the basis of a preliminary draft by the late Mr. van de Loo, former staff member. The diligent trying and organizing of the late Mr. van de Loo in this matter considerably is hereby gratefully acknowledged.
