## CAMERA LOGSHEET

We have talked about the drawer of shame. If you want to make sure you get the most out of the tapes you shoot, and that you can speed through shooting to editing then a camera logsheet is for you. If make sure every camera team takes a logsheet with each tape they shoot and you wont be sorry. When done with the logsheet store it in your production folder and you are good to go.

TAPE NO:	TAPE FORMAT	TIME START	TIME END	NOTES
