

National Sustainable Agriculture Coalition

What: Alliance of 100+ grassroots organizations who "support small and mid-size family farms, protect natural resources, promote healthy rural communities, and ensure access to healthy, nutritious foods by everyone"

Keywords: Food system / Agricultural practices > Sustainability, Agricultural practices > Family farm, Policy

When/Where: 2009 - present (as a national organization. The Sustainable Agriculture Coalition started in the 1980s.)

Started as a Midwest organization, grew to have affiliates across the country & became

Who:

Why: Works to give small grassroots organizations a voice and lobbying power in Washington DC, which might be difficult to achieve if alone.

How: Read their blog, sign up for action alerts. Interested organizations can sign up to become members.
