

Knowledge/Experience

What: Mpls Community Gardens: A Study of Public Policies in Mpls & Hennepin Co

Keywords: community gardens, urban farming, policy, land use  
NPCR

When/Where: 5/X/2007

Who: Erin Foster West, through CURA's NPCR  
Greenworks (The Green Institute), community activists & interested public who want to start a community garden

Why: To explore the interaction between community gardens and public agencies, to explain public policies in Minneapolis and Hennepin County that are pertinent to community gardens.

How: Specific information on city/county policy and where to go for a land permit, etc. Gives some examples of community gardens under cultivation. Cites many personal communications with the people directly involved in the projects.

Type:
