

may receive at the Agricultural and Mechanical College is -----  
likely to prove useful to India.

3. I shall be very much obliged by your kindly informing me  
when each session of the College commences and terminates and --  
which would be the best session for the Indian students to join.  
I would ask also what arrangements can be made for their residence  
during holidays.

4. I should be also obliged by your kindly informing me how  
best these students can be sent to their destination and what ---  
arrangements for food and lodging can be made for them in the ---  
College, and the cost likely to be incurred for the course of ---  
education, board, lodging, etc.

5. In conclusion I must apologise for having troubled you in  
asking for so much information.

I have the honour to be,

Sir,

Your most obedient servant,

*R. S. S. S.*  
17-2

Director of the Department of Land  
Records and Agriculture, Bengal.

Dear Sir:  
Your letter of February, 1905, ad-  
K.N.M. dressed to Governor N. C. Blanchard, has been  
referred to me. In reply I regret to have  
to say that I do not deem it advisable for  
Indian students to apply for admission to  
this western University at this time. Race  
prejudice is very strong among the young  
people of this part of the United States;  
and while possibly this feeling might not  
be manifested against these students, if  
it should be the consequence would be so  
disagreeable to them that they could not stay  
here. It would be unwise for them to run this  
risk, especially since they could receive the same  
training at <sup>an</sup> Agricultural College in some northern or
