This modernist exhibition has benefitted from the help of Fresno State Google Hubs for creating these online scenes, as well as all of their contributors.

This exhibition has also benefited from the advice and guidance of Professor Foster, who was flexible and open to any questions.

I would like to thank my parents for encouraging me and being as excited as I am for the final project.

I would also like to thank my groupmates Amanda and Jolina for helping me considerably in this project.

Finally, I would also like to thank Juan, Julieta, Carly, and Lindsay for giving me advice on the project and reminding me to take breaks.
