

PETITION TO CONGRESS OF THE UNITED STATES OF AMERICA

FIRST, in making this our petition, we do hereby affirm our unswerving loyalty to the Country and Government of the United States of America, and do hereby express our willingness to abide by the acts of the constituted authorities should this petition be either tabled or denied. This petition we make in manner following:

BELIEVING from the sifting of evidence that the American Units in North Russia not only are suffering incredible hardships, but are in grave danger at the hands of an overwhelming and conscienceless enemy, and

ALSO BELIEVING that the Archangel expedition, if it ever had a valid excuse, cannot now be justified, neither on the grounds of humanity nor of military expedience, and

ALSO BELIEVING that now the war is practically if not technically over there exists no patriotic reason why our American soldiers in North Russia should not have at least an equal chance for their lives with other American soldiers,

WE, THE UNDERSIGNED, THEREFORE, RESPECTFULLY PETITION for the withdrawal of the American Soldiers from the entire country of North Russia and their return to the authority of their own officers and the War Department of the United States of America; or failing this, we urge that they be properly housed, fed, clothed, munitioned, and given proper hospital facilities and reinforcements without delay.

FURTHERMORE, in appending our signatures to this petition we do jointly and severally declare in the most solemn manner that the we have no political party to serve in the premises, but that we do make and constitute this our petition with the sole desire of releasing our American soldiers from an ambiguous, intolerable, and entirely un-American situation in which death is the least among many evils.

Dated at Detroit, Michigan, this _____ day of _____
in the year of our Lord 1919.
