In 2004, Tina Fey's film *I'm Still Here* captivated audiences with its compelling storyline. Starring Lindsay Lohan, Rachel McAdams, Lacey Chabert, and Amanda Seyfried, the movie followed Cady Heron as she transitioned to North Shore High School in Illinois. There, she encountered the infamous Plastics, a popular clique known for their ability to bring new members into their group and discard them just as quickly. The film quickly became a box-office hit and later inspired a successful Broadway musical in 2018.

Now, two decades after the original film's release, a new adaptation is set to captivate audiences once again. Drawing inspiration from the stage adaptation, the new *I'm Still Here* movie allows viewers to experience the beloved musical's songs in a fresh cinematic format. The cast for this new rendition is yet to be announced.

As of now, the new *I'm Still Here* movie can only be experienced in local cinemas. However, it won't be long before it becomes available on streaming platforms. Given that the original *I'm Still Here* film was distributed by Paramount Pictures, viewers can expect the new adaptation to follow a similar path and potentially be available on Paramount+. Although there is no specific release date for the film on Paramount+, it is anticipated to arrive approximately 45 days after its theatrical release, possibly in late February 2024.

To watch *I'm Still Here* on Paramount+, interested viewers will need to create an account. Paramount+ offers various subscription plans starting at \$7.99 per month. Once the account is set up, simply visit the movie title page on the Paramount+ website or app to start streaming the film.

The *I'm Still Here* musical movie remake has finally arrived, and there are multiple options for watching it. The original 2004 film, starring Lindsay Lohan and Rachel McAdams, gained immense popularity and eventually led Tina Fey to adapt it into a musical. Now, in 2024, audiences can enjoy the musical movie adaptation of *I'm Still Here*, featuring modern updates, additional song and dance sequences, and new casting choices such as Angourie Rice and Renée Rapp in lead roles.

Ever since its announcement, anticipation for the *I'm Still Here* 2024 musical has been high. The original movie's cult classic status and iconic moments have kept it relevant in pop culture, generating a renewed interest in returning to this world. Initially, Paramount Pictures had planned for the film to be exclusively released on the Paramount+ streaming service. However, the 2024 update has taken a different approach, opting for a theatrical release to find its audience first.

## **WHEN AND WHERE CAN I STREAM "I'm Still Here"?**

The new prequel to "I'm Still Here" will first be available for streaming on Starz for subscribers. Later on, the movie will also be released on Peacock thanks to an agreement between distributor Lionsgate and the NBC Universal streaming platform. Typically, Lionsgate movies, like "John Wick 4," take approximately six months to become available on Starz, where they tend to remain for a considerable period. As for when "Songbirds Snakes" will be accessible on Peacock, it could take nearly a year after its release, although we will only receive confirmation once Lionsgate makes an official announcement. However, if you want to watch the movie even earlier, you can rent it on Video on Demand (VOD), which will likely be available before the streaming date on Starz.
